## Served Him Right.

It was tough to make Schmitt take a  
Mrs. Caudle lecture from the judge on  
top of a five years' sentence.—[Barre Times.We beg to differ. In the first place the  
remarks of the court were not a certain  
lecture, but a reminder to the deposed  
mayor of one of the largest cities in the  
United States that he had broken the  
confidence and betrayed the trust that  
the people of San Francisco had reposed  
in him. In the second place he deserved  
both the rebuke and the sentence. The  
grat that he and Boss Ruef received  
before the earthquake from the French  
restaurants was incomparable to the  
receipts from the "municipal crib" and  
the other dives which have been estab-  
lished since the calamity. San Francisco  
before the earthquake had the rottenest  
politics in the United States; since that  
calamity the politics and the labor  
situation have been even worse. During  
the recent car strike and since its settle-  
ment a man took his own life in his  
hands that attempted to even board a  
car. And vice has always been so gilded  
as to "lose half its evil by losing all its  
grossness."For a few days after the earthquake  
Mayor Schmitt was a real hero and that  
was the time that he said he had been  
born again. But unfortunately for San  
Francisco his new birth was of short  
duration and he fell back into the mire.  
So, we say, he deserves no pity, but to  
quote from Judge Dunne, "stands morally  
killed, shamed and disgraced."

## Sure to Come.

The last week has now arrived in the  
15-day campaign to raise \$25,000 for  
the Y. M. C. A. and the skeptics who  
said it could never be done have been  
mighty quiet. On Monday night  
\$20,000 had been subscribed and the  
daily subscriptions have averaged nearly  
one thousand dollars. The spirit of  
giving is shared by all and the move-  
ment has amalgamated all factions and  
creeds. This in itself is a great blessing  
to the community entirely apart from  
the greater results of the campaign. We  
expect to announce next week that this  
sum, and possibly much more, has been  
raised. The goal will surely be reached  
because the people of St. Johnsbury are  
convinced that nothing further the  
moral development of a community  
more than an active, aggressive Y. M.  
C. A. conducted on the broad lines that  
this fund will permit.

## CURRENT PRESS COMMENT.

## Congratulations Are Due.

Congratulations to ex-Gov. Carroll S.  
Page and his Lamolite County Savings  
Bank and Trust Company.The company with the long name has  
passed the million dollar mark—a re-  
markable record, considering its en-  
vironment and the character of its client-  
ele. Another remarkable thing is that every  
cent of this million dollars is invested in  
Vermont "to foster Vermont industries  
and to develop Vermont enterprises."  
It is stated that the bank does not own a  
dollar of doubtful paper and that it  
never had a dollar's worth of real estate  
except the bank building, which was  
charged to profit and loss some years  
ago.Once more, congratulations!—[Bur-  
lington News.

## Play Fair.

P. W. Clement was the winner of  
several blue ribbons at the Rutland  
Horse Show. Mr. Clement is certainly  
to be congratulated that he is at last  
numbered among the winners; and yet  
we are compelled to say that in this  
instance the people were not privileged  
to be the judges.—[Brandon Union.That is an unfair slap.  
Mr. Clement won on merit and the  
judges were chosen delegates of the  
people.Because you do not agree with Mr.  
Clement politically is no reason for not  
giving him credit for what he does.Mr. Clement has done much for the  
development of the resources of Vermont  
and is one of its most successful business  
men.Vermont needs more men like Mr.  
Clement.—[Essex Junction Record.

## Congratulating Sherbrooke.

The Fairbanks scale company of St.  
Johnsbury will hereafter become the  
scale works of Sherbrooke, P. Q., as well,  
to agree with the new idea of expansion  
by the company. Sherbrooke is to be  
congratulated for the prospect for a big  
addition to its industrial life through the  
placing of a factory of the company  
there.—[Barre Times.St. Johnsbury Can Do It:  
If Burlington raised \$55,000 for its  
Y. M. C. A. then St. Johnsbury ought tobe able to raise the \$25,000 set as the  
mark in its present "whirlwind cam-  
paign."—[Barre Times.

## OUR WASHINGTON LETTER.

Our Warships in the Pacific.—Prepar-  
ations for War in Time of Peace.

(From our Special Correspondent.)

Editor CALEDONIAN:

Those who criticize the administration  
for proposing to send some of our own  
warships from one part of our coast to  
another on the ground that such a  
movement is calculated to unwarrant-  
ably offend the Japanese would be the  
first to let out a howl about our unpre-  
paredness were serious trouble to arise  
with Japan and she should strike up in a  
vital spot without warning, as she did  
Russia. Roosevelt has always been for-  
warded. It was due to his vigorous  
insistence that the American fleet in  
Asiatic waters was sufficiently well pre-  
pared to take and hold Manila. That  
he accomplished while assistant secre-  
tary of the navy and as President it is  
natural he does not propose we shall sit  
down idle and let Japan prepare to slip  
a knife under our fifth rib. The sending  
of our fleet to the Pacific is no more an  
unfriendly act toward Japan than her  
haste in constructing war vessels and in  
acquiring a merchant marine is toward  
us. Naturally enough, as she holds the  
balance of power in the Pacific she pro-  
poses to maintain it if possible, and if  
she can prevent us from strengthening  
our equipment while she goes ahead  
with hers, so much the better for her.The world realizes that if there is war it  
will be provoked by Japan, and the  
world also realizes that whether Japan  
means to go to war with this country or  
not, she is placing herself in readiness to  
strike or defend. She is the ally of Eng-  
land, the only other power she has to  
fear in her struggle for the supremacy of  
the Pacific. Russia will not be able to  
place or maintain a fleet in Asiatic  
waters for years to come. It is true her  
designs upon China may bring her into  
conflict with France or Germany, but  
war between Japan and these countries  
is scarcely even a remote possibility.  
Why then does Japan increase its fleet  
and bring all its energies to bear to  
strengthen its merchant marine, paying  
the most liberal subsidies from the laying  
of the keel?The talk about the United States win-  
ning "in the long run" may well be dis-  
counted. It is a question if we can stand  
for that "long run." What would be the  
moral effect of the loss of the Philip-  
pines, Hawaii and Guam? The first,  
Japan could take without appreciable  
difficulty. In Hawaii she has thousands  
of Japanese now, and more coming.  
Granted her overwhelming fleet could  
put us out of business on the Asiatic  
station, what is to prevent her fast  
merchant vessels, converted into cruisers,  
and perhaps privateers, from harrying  
our Pacific coast? But suppose she  
merely took the Philippines, when and  
how would we get them back? Would  
the American people stand for the tre-  
mendous expenditure of blood and  
treasure necessary to recover them, es-  
pecially when the Filipinos would doubt-  
less fight "with the other wise." By the  
time we could get our fleet over to  
Manila or Japan, the Japanese would be  
ready for us, and even if we won a great  
naval battle, they would be at home,  
and what was left of our ships would be  
in a sore plight for a haven. It is un-  
pleasant to contemplate this situation,  
but we have too long pursued the policy  
of complacently watching Japan's pro-  
gress toward preparation for war.  
Common sense demands that we make  
suitable provision for defense while there  
is yet time.

## The Hyde Park Savings Bank.

The press of the state are saying some  
very kind things about the Lamolite  
County Savings Bank and Trust Co.  
The fact that it has never lost a dollar  
by a poor note and that all its money  
is kept in Vermont, seems to be the key-  
note to most of these editorial notices.The Bank's assets passed the million-  
dollar mark July 11th.  
The motto of the bank, "Vermont  
money for Vermonters to foster Vermont  
industries and to develop Vermont enter-  
prises," is a slogan which seems at this  
time to be especially popular in the  
Green Mountain State.

Well, why not?

Below are a few of the press commen-  
taries:  
New England Farmer.The Lamolite County Savings Bank  
and Trust Co., Hyde Park, Vt., of which  
Ex-Gov. Carroll S. Page is president, is  
run upon a wise principle, one which the  
farmers who patronize it would do well  
to apply in their general business trans-  
actions. This bank believes in keeping  
its money at home. That, its policy is a  
profitable as well as popular one is in-  
dicated by the fact that it is about to pay  
4 per cent interest on deposits left with it  
a year or more.

Danby Mirror.

Beginning July 1st, the Lamolite  
County Savings Bank and Trust Co. of  
Hyde Park, Vt., will pay four per cent  
interest on deposits remaining in its care  
for a year or more. This is a particu-  
larly strong savings institution, and dur-  
ing its existence has invested the money  
of its depositors wholly in the state and  
has never lost a dollar. Hon. Carroll S.  
Page, one of the most able business men  
in Vermont, and the state's honored ex-  
Governor, is president of the bank—the  
kind of a president who knows at all  
times how the affairs of the bank are be-  
ing conducted, and is ever active in pro-  
moting its interests and protecting its de-  
positors against possible loss.

Montpelier Argus and Patriot.

Ex-Gov. Page, president of the La-  
molite County Savings Bank and Trust  
Co., adheres to the principle adopted  
when the bank was established, that the  
business shall be run for the benefit of  
Vermont and Vermonters. The entire  
assets of the bank are kept in Vermont  
and loaned to Vermonters to foster Ver-  
mont enterprises and to develop Ver-  
mont industries. Safety of principle  
rather than high rates of interest has  
always governed the investments of this  
bank.

Deerfield Valley Times, Wilmington.

A novel scheme in banking is that of  
the Lamolite County Savings Bank and  
Trust Company of Hyde Park, Vermont,  
in devoting its entire assets to the foster-  
ing of Vermont enterprises and develop-  
ing Vermont industries. That the scheme  
is safe as well as novel, is proved by  
the fact that in the 18 years since its  
organization the bank has never lost a  
dollar on a poor note, nor has it poor, so  
far as is known, a single piece of paper or  
doubtful paper.

Bristol Herald.

The Lamolite County Savings Bank  
and Trust Co. of Hyde Park is one of  
Vermont's most successful and prosper-  
ous banks. All its assets are kept in  
Vermont and loaned to Vermonters, thus  
helping build up the industries of the  
state and benefiting all the people. Such  
an institution is a safe one to do busi-  
ness with we believe.

Brattleboro Reformer.

It is interesting to note the progress of  
this institution because of the fact that  
all its funds are invested in Vermont and  
it has never lost a dollar by a poor note.

St. Johnsbury Caledonian.

This successful banking institution of  
which former Gov. C. S. Page is pres-  
ident, makes a specialty of banking by  
mail, having depositors all over the  
United States.

Milton Times.

It makes a specialty of banking by  
mail and has a record of never having  
lost a dollar. It is a fine institution with  
which to do banking.

Manchester Journal.

The Lamolite County Savings Bank  
and Trust Co., of Hyde Park, of which  
ex-Gov. Carroll S. Page is president, has  
the distinction of never having lost a  
dollar by taking a poor note and their  
money is all invested in the state of Ver-  
mont.

Springfield Reporter.

The Lamolite County Savings Bank  
and Trust Company, ex-Gov. Carroll S.  
Page, president, has the enviable repu-  
tation of having never lost a penny by  
poor investments and their money is all  
invested in Vermont.

Burlington Clipper.

The motto of Gov. Page's home sav-  
ings bank, of which he is the president,  
"every cent loaned in Vermont," has  
proved a winner. There is no more  
popular or successful savings institution  
in Vermont.

Newport Express and Standard.

The Lamolite County Savings Bank  
and Trust Co., of Hyde Park, Vt., is one  
banking institution in the state that be-  
lieves in keeping its money at home. It  
would be well to read what it says about  
"Interest at 4 per cent" published in this  
issue.

Poultney Journal.

Page—he of calfskin reputation, is  
president, and that means a great deal.  
Lyndonville Union-Journal.Ex-Gov. Page takes great pride in the  
Hyde Park Savings Bank. He has  
made it one of the leading institutions  
of its kind in the state and has built it  
up entirely on Vermont business, not  
making any loans outside the state. It  
does a large business through the mails.

A Parent's Plea.

My little boy is eight years old.  
He goes to school every day.  
He doesn't mind the tasks they set—  
They seem to him but play.  
He reads his class at bedtime work.  
And also takes the lead  
At making dinky paper boats—  
But I wish that he could read.They teach him physiology,  
And oh, it chills our hearts  
To hear our prattling innocent  
Mix up his inward parts.  
He also learns astronomy,  
And names the stars by night—  
Of course he's very up-to-date,  
But I wish that he could write.They teach him things botanical,  
They teach him how to draw;  
He babble of mythology  
And gravitation's law;  
The discoveries of science  
With him are quite a fad,  
They tell me he's a clever boy,  
But I wish that he could add.

—[Peter McArthur.

Death of Mr. Theroux.

Joseph H. Theroux, who has been sick  
for several weeks, died at his home at  
Newport, Tuesday, July 9, and the fun-  
eral service was held at the Catholic  
church there Friday morning.The deceased was a native of Canada  
and 40 years of age. He first came to  
Newport about 18 years ago and entered  
the employ of W. H. Kenyon, tailor, and  
remained with him until Mr. Kenyon's  
death about nine years ago when he en-  
tered the employ of W. E. Kipp. He was  
in Mr. Kipp's employ until a year ago  
when he opened a tailor shop over Fos-  
ter's clothing store, where he continued  
work until ill health caused him to retire.  
Several years ago Mr. Theroux was mar-  
ried to Miss Emma Lanctot of St. John-  
sbury, who, with two daughters, Marie  
Antoinette and Grazia, survive him.The deceased was a member of the C. O.  
F. and U. S. T. J. B. As a communicant  
of the Catholic faith he was one of the  
most devoted, identifying himself with  
the prosperity and growth of the church.  
Mr. Theroux was a member of the New-  
port Concert Band. His ability as a  
musician was excellent and in that ca-  
pacity he will be missed, as well as in the  
many other social ties with which he was  
affiliated.While driving to St. Johnsbury Mon-

## At Danville.

Death of Mrs. Plant.

Mrs. Lysson Plant died at her home  
in this village Thursday morning, of  
typhoid fever.Mattie Fellows was the  
daughter of Augusta Goodnough and  
Porter Fellows, and was born in Dan-  
ville, Feb. 20, 1875. She was married to  
Lysson Plant in September, 1895.Five children were born to them all of  
whom are living. Mrs. Plant has lived  
in Danville the greater part of her life,  
though after her marriage she lived for a  
few years at St. Johnsbury, returning to  
this village about five years ago. She  
was ill for about two weeks, though for  
a week previous to the calling of a  
physician she had not been in her usual  
health. The death is a particularly sad  
one, leaving as she does five children,  
two of whom have been ill with the  
same disease this spring, and one of  
them, Pauline, is now in a delicate con-  
dition. Since last November there has  
been a great deal of sickness in the family,  
and Mr. Plant has the sympathy of the  
community in his affliction. She leaves  
besides her husband, four daughters,  
Mary, Edith, Pauline, Irene and a baby,  
Lawrence; also her father, Porter Fel-  
lows; four brothers, George Fellows of  
Concord, N. H.; Will Fellows and  
Charles Fellows of Danville, and Asa  
Fellows of West Anville; and two  
sisters, Mrs. Fred Jennison, and Mrs. W.  
C. Heath of Danville.
